

Patrick M. Flaharty, M.D.

A graduate of the prestigious University of Michigan Medical School, Patrick M. Flaharty, M.D., directs Azul Cosmetic Surgery and Medical Spa. He specializes in facial cosmetic surgery and state-of-the-art non-surgical facial rejuvenation, including: hidden - incision face and neck-lift procedures, eyelid surgery, advanced skincare, laser skin rejuvenation, non-surgical facial rejuvenation and BOTOX® cosmetics.

Dr. Flaharty is among the first 450 cosmetic surgeons in the United States trained in the Contour Threads™ face - and neck-lift technique -- a newly developed cosmetic enhancement revolutionizing the science and art of restoring a patient's natural beauty.

In private practice as a facial cosmetic specialist in Southwest

Florida for nearly 15 years, Dr. Flaharty has performed more than 20,000 facial plastic and cosmetic procedures. He is board-certified in ophthalmology, with specialized training in oculoplastics and advanced training in facial cosmetic surgery.

In addition to rejuvenation of the forehead, eyebrows, eyelids, face and neck, he offers non-surgical services to erase wrinkles with fillers and lasers to reduce sunspots, rosacea and acne in his medical spa. The Azul Medical Spa also offers a wide range of advanced

skincare services, medical-grade skincare products and makeup. These include Palomar photo skin rejuvenation, laser hair removal, leg vein therapy and permanent makeup.

Dr. Flaharty's Spa, and his personal approach, are both congenial and ultra-sophisticated, relying on a tranquil setting and a highly-trained staff dedicated to caring for the patient's needs.
